

Budget and Expenditure till Date

Road Work	No of Roads	Total Length (km)	Estimated (in '000)	Expenditure Till Date
Routine maintenance	7	178.50	12700.00	6271.48
Periodic Maintenance	1	22.050	26183.70	0.00
Upgrading	5	40.50	559585.42	0.00

SNRTP in Brief:

Project Objective:

To enhance the availability and reliability of transport connectivity for rural communities in 36 participating districts.

Output 1: Increased access to all-weather transport connectivity.

Output 2: Improved reliability of rural transport infrastructure

Project Partners:

DoLIDAR/MoFALD : Client
 The World Bank : Donor
 ILO : Technical Assistance in Maintenance

Project Implementation Period: Five years

Start Date: 12/3/2014

End Date : 07/14/2019

Modality of Works

1) Routine Maintenance:

Covers the cleaning and clearing of roads and river crossing structure. It also includes recurrent maintenance which covers repair of damages in roads and river crossing structure. Basically, Road Maintenance Groups (RMGs) are deployed for the routine maintenance whereas user committee and small contractors are deployed which are not possible to carry out by the RMGs.

2) Periodic Maintenance:

It covers the maintenance of pavement at certain interval of years as well as for structures. It also covers the maintenance of rivers crossing structure at certain interval of years. The interval of maintenance depends upon the surface type of roads. The periodic maintenance works are carried out through National Competitive bidding.

3) Upgrading and Rehabilitation:

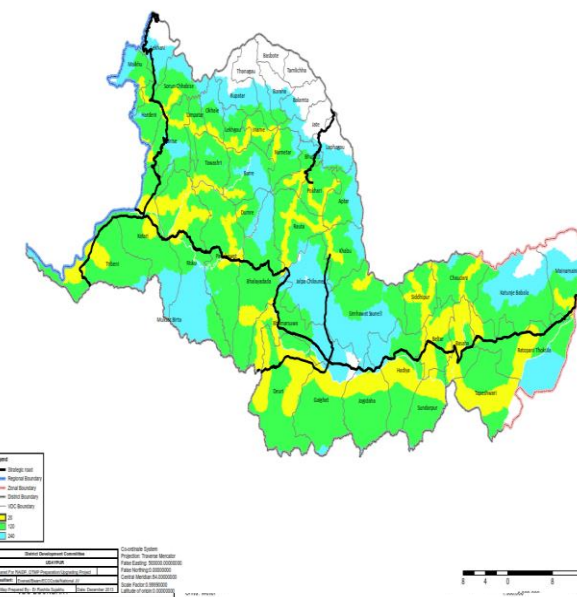

It covers the upgrading and rehabilitation of district roads including new construction and rehabilitation of river crossing structures. The upgrading and rehabilitation works are carried out through national competitive bidding.

Strengthening the National Rural Transport Programme (SNRTP)

Major Achievements

A) Routine Maintenance

Name of Road	Length	RMG	Male	Female
Gaighat-Fattepur	18.00	9	1	8
Betini-Majhakharka	50.00	25	15	10
Katari-Bahunitar-Barre	27.40	14	4	10
Ranibas-Rauta-Salle	18.40	9	6	3
Nepaltar-Udayapurgadhi	8.50	4	2	2
Basaha-Chaudandi-Ranitar	24.00	12	4	8
Tapeshwori-Bhagalpur-Rampur	22.05	11	1	10

B) Periodic Maintenance

Name of Road	Works	Length (km)	Progress Status
Tapeshwori-Bhagalpur-Rampur	Regravelling and Maintenance of crossing structures	22.05	Waiting for NOL

C) Upgrading and Rehabilitation of Road

Name of Road	Work	Length (km)	Progress Status
Gaighat-Fattepur	Subbase, base and Ottaseal	27.35	Construction Ongoing in first part and Waiting for NOL for 2 nd Part.
Betini-Majhakharka	Earthworks & Subbase	16.35	Waiting for NOL
Katari-Bahunitar-Barre	Subbase, base and Ottaseal	10.00	Waiting for NOL
Ranibas-Rauta-Ssalle	Earthworks & Subbase	12.50	Waiting for NOL
Nepaltar-Udayapurgadhi	Earthworks & Subbase	8.500	Waiting for NOL

Other Activities

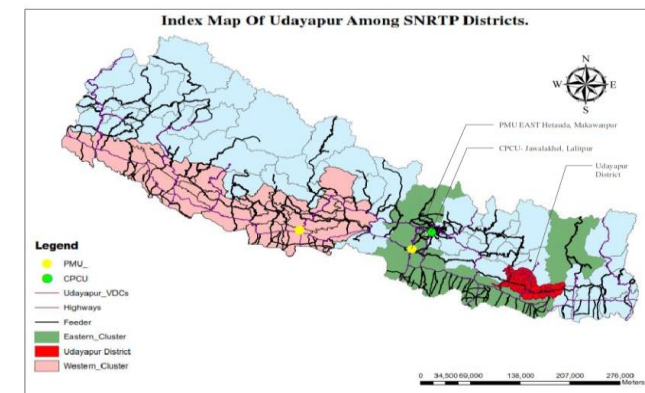

- Maintenance First Approach:**
 SNRTP is the maintenance first approach programme and Udayapur is also adopting maintenance first before upgrading and rehabilitation.
- Priority for Labour Based Construction :**
 Utmost priority is given for labor based construction modality. Routine maintenance is fully labor based and periodic maintenance and upgrading will also give priority for labor based construction as far as practicable.
- Identity Cards of Maintenance Worker:**
 The RMG members are provided identity cards. Based on these cards they are able to receive distinguished services from districts like free work zone transportation, health services and discounts in basic public services.
- Occupational Safety and Health (OSH) of Workers:**
 SNRTP is committed for following the OSH measures for the safety of maintenance workers. For the reason, basic OSH gears are provided to the maintenance workers. It will also be made compulsory for periodic maintenance and upgrading of road. RMGs are also insured.
- Linkage of RMGs with the Health Services:**
 The members of RMG are linked officially with the District Health Office for the basic health services. They have been receiving the health check up from the nearest health posts.
- Banking Access to the Workers**
 SNRTP through its maintenance component with technical support from ILO, has provisioned to open the bank account of all the Road Maintenance Group member and their wages are directly sent to their account. It provides the opportunity to the poor people for the banking access which also ensure the transparency.

Orientation Training to RMGs and LRUCs
